

We create
extraordinary
acoustic solutions
with a visual meaning

Akuart

The way we resonate

AKUART was founded in 2006 with the ambition to create extraordinary acoustic solutions with a strong visual appeal. This is still the company's main aspiration today. Through a strong dedication to functionality and aesthetics AKUART strives to make good acoustic design available to the largest possible audience. What started out as acoustic wall art has now developed into a full range of customizable acoustic products with a changeable canvas and an extensive collection of artwork including photography, art, graphics, colors, textures, signage and more.

Enjoy the silence!

Enjoy the Silence

A selection of our cases
